“The best
photographer for
the most magical
and anticipated
day of my life”

Samantha & Oscar

HELLO, I'm Andrés

A.I. Castillo Photography is a wedding photography firm devoted to capturing moments as they are meant to be remembered, honest, emotional, and alive.

Founded by Andrés I. Castillo, a visual artist and photographer with over a decade of experience in weddings and creative storytelling, the firm is built on a deep passion for preserving real moments. What matters most is not only how a wedding looks, but how it feels, creating images that allow each couple to relive their day again and again, exactly as it was.

Together with his wife Merci Perales, who leads the Client Experience, they have shaped a process that feels natural, intentional, and deeply personal. Every moment is documented organically, with a balance of presence and discretion, allowing emotions to unfold authentically while being carefully preserved with artistry and sensitivity.

WHY

A.I. CASTILLO

Choosing A.I. Castillo Photography means trusting a team that values authenticity above all. The approach is rooted in documentary and artistic storytelling, capturing moments as they naturally happen while elevating them through a refined and intentional eye.

The firm's philosophy blends direction and spontaneity, allowing couples to feel natural while being subtly guided toward imagery that feels both effortless and refined.

More than staged perfection, the focus is on real connection, genuine emotion, and the kind of memories that only grow more meaningful over time.

INVESTMENT

your memories are worth it

Your wedding is a unique story, and the way it is preserved matters. A.I. Castillo Photography approaches every celebration as an investment in memories, art, and legacy, offering a personalized experience that honors the depth and meaning of what you are living.

- Advanced Retouching – \$24 USD per image
- Heirloom Albums*
- Fine Art Prints & Bespoke Formats*
- Expedited Delivery*

*(Available upon request)

ENGAGEMENT

Expert advice for an effortless engagement shoot

Your engagement session is the perfect opportunity to connect, feel comfortable, and begin telling your story in a relaxed and meaningful way. It is also the best way to get to know the photographer who will be with you on your wedding day, allowing you to feel more confident, natural, and at ease in front of the camera. Having this previous experience together creates trust and helps everything flow effortlessly when your wedding day arrives.

01 / Choose a meaningful location

Pick a place that feels like you, whether it is where you met, a place you love, or somewhere that aligns with your vibe. The more connected you feel to the setting, the more natural everything will be reflected in your photos.

02 / Dress with intention, not pressure

Choose outfits that reflect your style and make you feel confident and comfortable. Coordinating tones works better than matching exactly, and clothing that allows movement always photographs beautifully.

03 / Focus on connection, not the camera

The most powerful images come from real interaction. Talk, laugh, walk, hug, and allow yourselves to be present with each other rather than thinking about the camera.

04 / Trust the process

There is no need to know how to pose. Gentle guidance will always be there when needed, but the most meaningful images happen in the moments in between.

05 / Turn it into an experience

Think of this session as a date, not a photoshoot. Enjoy it, slow down, and be present. That energy is what makes the images feel alive and authentic.

“An exceptional
photographer
who captured
every perfect
moment and
allowed us to
relive our
wedding day just
by looking at the
photos.”

Cristina & Álvaro

YOUR DAY

our tips for a stress-free,
relaxed wedding day

Your wedding day is meant to be lived, not managed. When you allow yourselves to be present and trust the process, everything feels lighter, more meaningful, and truly memorable.

01 / Build a timeline with breathing space

Avoid tight schedules and allow extra time between key moments. This helps everything flow naturally and reduces unnecessary pressure.

02 / Start the day calmly

Getting ready sets the emotional tone for the entire day. Surround yourselves with the right people and create a relaxed environment from the beginning.

03 / Enjoy it, no matter what

Even if things do not happen exactly as planned, nothing is more beautiful than a couple that is genuinely happy. That joy is contagious and shapes the entire atmosphere. Live it, embrace it, and enjoy every second because these moments are truly unique.

04 / Delegate and let go

You do not need to manage every detail. Trust your planner, your family, and your team so you can focus on enjoying the experience.

05 / Stay present with each other

Amid everything happening, come back to each other. Small moments of connection are what make the day truly meaningful.

06 / Trust your vendors

Every vendor was chosen for a reason. Let them guide and support you while you focus on living each moment fully.

FAQS

expertly answered

01 / How far in advance should we book?

Ideally, you should book 12-18 months in advance, especially if your wedding is on a high-season weekend. Many good photographers (including us) open their schedules a year or more in advance, and popular dates go fast. If you already have a confirmed date, we recommend contacting us as soon as possible to check availability.

02 / How would you describe your photography style?

A blend of documentary and artistic storytelling, natural, emotional, authentic and timeless.

03 / Do you guide us during the photos?

Yes, always in a subtle and natural way that helps everything feel effortless while preserving real moments.

04 / How can I book your service?

A reservation retainer of 50% of the total investment is required to secure your date.

The remaining balance is due 2 weeks prior to the wedding.

Payments may be made via credit card or e-transfer.

05 / Do you offer albums or printed products?

Yes, heirloom quality albums and bespoke printed pieces are available.

06 / Do you travel for weddings?

Yes, A.I. Castillo Photography covers both local weddings in Yucatán and destination celebrations worldwide.

07 / What is your cancellation and weather policy?

The reservation retainer is non-refundable, as it secures your date and exclusive availability.

All payments made are non-refundable. However, should your plans change, we are happy to explore rescheduling options, subject to availability.

Rescheduling requests are considered within a 2-month window, allowing flexibility while maintaining the integrity of our calendar.

Weather Policy

All sessions and wedding coverage are approached with care and thoughtful planning, taking into account weather conditions in advance.

In the case of unfavorable weather, we will adapt as needed to ensure the best possible outcome while preserving the experience.

In extreme circumstances where coverage is not possible, rescheduling may be explored, always subject to availability.
